3. Technical Electives (15 pts., or 12 pts. if full O.D.E. & Linear Algebra courses taken instead of APMA E2101)
 All must be 3000 or higher level technical courses. Economics courses cannot be used here.

- EE Dept. listed courses, except nontechnical courses such as EEHS E3900, courses already used to fill a requirement, or those with significant overlap, such as alternates, are all okay.
- CS Dept. listed courses, except for COMS W3101, nontechnical courses such as COMS W3410, courses already used to fill a requirement, or those with significant overlap, such as alternates, are all okay.
- One or two technical courses from outside EE and CS can be allowed, as long as they do not overlap significantly with other courses used to fill requirements. Please get advisor or committee approval in advance. Courses are evaluated for suitability as part of an overall 4-5 course technical elective plan.

 COURSE 5 (if needed): _____

4. Non-Technical Course Requirement (27 pts.) _____
 (For details see <http://bulletin.engineering.columbia.edu/first-yearsophomore-program>.
 Administered by the Center for Student Advising, as are the general requirements below.)

5. General Requirements (Total ≥128 pts., ≥ 60 pts. at Columbia, 2 pts. Phys. Ed., GPA ≥ 2.0) _____
 (Note that course equivalence is not the same as transfer credit – it does not reduce total points needed.)
